

SSLCOM actions from 24 April 2013 meeting

Item number on minutes	Issue noted (see minutes for full details)	Action	Person responsible
2	Students were wondering if a mailing list could be set up for information relating to careers and internships which also gives the students the option to unsubscribe	KMR to liaise with CiCS	KMR
2	The Department have been offered courses by the library which the students have said they are interested in.	ES to let the Faculty Librarian (Helen Moore) know	ES
3.1.1	Students are happy with the lecturer of COM1002	MPS to pass on comments to the lecturer of COM1002	MPS
3.1.1	COM1003: Students are concerned that the final assignment is based off their performance in a tournament of their respective game programs. Students are worried that they could lose marks dependant on the performance of other people, not their own	MPS to pass on comments to the lecturer of COM1003	MPS
3.1.1	COM1006 – please see minutes for full details	MPS to pass on comments to the lecturer of COM1006	MPS
3.2.2	Students would like extra information on the software they have to use for COM3420	MPS to pass on comments to the lecturer of COM3402	MPS
3.2.2	COM2003: Students would like to see January exams	SB to speak to the Union Officer about January Exams. MPS to ask lecturers who teach modules which have exams affected by the EYH/GEC weeks to get their opinion January Exams	SB MPS
3.3.1	COM3504 – please see minutes for full details	MPS to pass on comments to the lecturer of COM3504	MPS
3.3.1	COM3240: Students would like cleared objectives and explanations in lab lasses and felt that the level of the lab classes was higher than had been taught.	MPS to pass on comments to the lecturer of COM3240	MPS
3.3.1	COM3501: Students would like lab classes	MPS to pass on comments to the lecturer of COM3501	MPS
3.3.2	With the proposed release of Java 8 students feel it would be useful to incorporate the functional programming aspects into COM2001	MPS to pass on comments to the lecturer of COM2001	MPS
3.3.3	Students would like to know if they can have refreshments in the pre-meeting	KMR to find out	KMR
3.4.2	COM4511/6511 students have problems with using Matlab. It was suggested that Python be used next year	MPS to pass on comment to the lecturer of COM4511/6511	MPS
3.4.3	COM3504/6504: Students would like a 'how-to' style guide to help when setting up the programming components at the start of lab classes	MPS to pass on comments to the lecturer of COM3504/6504	MPS
6	A student emailed the committee and asked if the scholarship arrangements could be reviewed	MPS to find out who can help with this issue as SSLCOM is not the correct committee.	MPS
